## News For The Employees of Data General

September 9, 1983

### Vitale Named Director

Robert Vitale

Robert Vitale has been named director of Sales Planning and Administration reporting to North American Sales Vice President Frank Keaney.

As director of Sales Planning and Administration, Bob is responsible for sales volume forecasts, business planning and analysis, employment planning, goal setting and Field office real estate control and planning.

Bob has been with Data General for 11 years. Since 1978 he has been director of Customer Educational Services. Prior to that, he was director of Manpower Planning and Development, manager of Corporate Training and manager of Product/Sales Training. Before joining the company, Bob held sales and customer support positions with Foxboro Company and Honeywell Corporation.

Bob holds a bachelor's degree in education from the University of Massachusetts and an MBA from Northeastern University.

#### Reminder

Fire alarms will be tested on Sunday, September 11 from 8 a.m. to 11 a.m. Employees are reminded that alarms will sound throughout Westboro during that time.

### M.O.D. Course Catalog - Plan For Fiscal '84

The Corporate Management and Organizational Development department (M.O.D.) has begun mailing out its new course catalog and schedule for the 1984 fiscal year. Catalogs are being distributed to directors, managers, Personnel managers and Personnel representatives. The enrollment procedure for sign up will be handled by a divisional manager in M.O.D.

If you are in *Sales and Systems*, your divisional manager is Phil Cousins, extension 4523 in Westboro.

*Manufacturing* employees should sign-up through Robert Kelley, extension 4531 in Westboro.

Employees in the *Business Divisions and Corporate Technology* should contact divisional manager Jane Nolette, extension 6926 in Westboro.

*Field Engineering* employees should contact Larry Pitterman, extension 2289 in Milford.

And, *Home Office and Administration* employees may contact Jan van der Poll, extension 4503 in Westboro.

The following is a list of the first month's schedule:

Title	Start
Effective Writing Workshop	10/5
Organizational Behavior-Unit 1	10/5
Product Planning Seminar	10/6
Organizational Behavior-Unit 1	10/6
Professional Development of Secretaries	10/10
New Product Development Seminar	10/11
Product Planning Seminar	10/13
New Product Development Seminar	10/13
Motivating Employees	10/17
Effective Writing Workshop	10/18
One-On-One Communication	10/20
Project Management Seminar	10/24
Art Of Managing Managers	10/26
Management Development Course II	10/26
Effective Business Communications	10/26
Management Development Course I	10/31
New Product Development Seminar	10/31

For additional information and to see the balance of the schedule, contact your Personnel manager or your M.O.D. divisional manager.

## AOS/VS Monitoring Tool Increases Operation

A performance monitoring tool for 32-bit ECLIPSE information systems using the Advanced Operating System/Virtual Storage (AOS/VS) operating system lets users analyze their system environment. With the AOS/VS Performance Monitor users can determine the operational state of their system and tune their systems environment for a more balanced loading of the application to achieve higher throughput.

The AOS/VS Performance Monitor provides information about the seven major areas of the AOS/VS operating system: memory management, demand paging, disc I/O, the scheduler, process management, CPU utilization, and character I/O.

All information being monitored can be logged into a disc file for later analysis. The software has a built-in program that lets users print hard copy.

Customer training classes will be provided by Data General to help customers interpret results produced by the Performance Monitor. The AOS/VS Performance Monitor is priced at \$6,000 which includes the customer training class and a one year Software Subscription Service.

## Westboro

### People

**Jim Montagnino** has been promoted to Eastern Regional Education manager.

Jim, who will be based at 2400 Computer Drive, is responsible for the education centers located in Boston, Washington, D.C. and Atlanta. The centers provide software training to users of Data General products.

Joining the company as an instructor in 1980, Jim most recently was branch education manager of the Boston area Education Center.

Jim has a BA in mathematics from Montclair State College in New Jersey.

Reporting to Jim as section managers are **Bob Pittman** and **Jann Levesque**.

Bob joined Data General Customer Training in September, 1980 as an instructor dealing with RDOS, FORTRAN and MP/AOS. He holds a bachelor's degree in education and formerly taught in the Framingham School System.

Jann came to the company as an instructor in June, 1980. She has been involved in teaching advanced AOS and AOS/VS courses. Jann has a BS in computer science from Framingham State College.

**Bob Widman** has been appointed manager of the Product Financial Analysis group responsible for directing Finance efforts in gathering, validating, analyzing and publishing costs and expenses associated with Data General's products.

Bob joined the company in February, 1982 as controller of Small Business Systems and recently was controller of the General Systems Division. Prior to that, he served as manager of Reporting and Analysis for the Systems Manufacturing group at Digital Equipment Corporation. Bob also has been employed by Advanced Micro Devices, Inc., of Sunnyvale, California, Materials Analysis Company of Palo Alto, California, and Ford Motor Company.

Bob has a BA and a MBA from Washington University.

**Paul Faria** and **Michael Weinberg** have joined the Continuing Products Division (CPD) reporting to CPD Manager Howard Berg.

Paul, a senior Marketing specialist, comes to the company from Teradyne, Inc., of Boston where he was an engineering manager. Prior to that, he was with Data General for more than seven years. Paul holds a BSEE from Northeastern University and an MBA from Clark University.

Michael joins CPD as a Marketing Communications specialist. Previously he was employed by the Claridge Hotel-Casino in Atlantic City where he taught human resource training programs and was the associate editor for the internal employee magazine. He holds a BA in journalism from Temple University and is completing his master's degree in communications from Glassboro State College.

**John McCaskey** comes to Data General as an Electronics CAD (computer-aided-design) Marketing specialist responsible for developing industrial automation programs. He reports to David Rome, Technical Products Business Unit Marketing manager, CAD/CAE (computer-aided-engineering)/CAM (computer-aided-manufacturing).

John recently was at Picker International where he was a research engineer; IBM and Reliance Electric.

John has a BSEE, MSEE and MBA from Case Western Reserve University.

**Claudia Rinschler** joins the Corporate Credit department as an associate credit analyst responsible for account maintenance and collections for customers in Area 2, Region 4 as well as Data General's Industrial Electronic Distributors.

Claudia is a recent graduate of Holy Cross where she received a BA in economics. She reports Corporate Credit Supervisor Steve Lane.

## He's Raising 'Uke' Consciousness

By day, he is a dedicated systems engineer, demonstrating the virtues of Data General's Comprehensive Electronic Office (CEO) software for customers who want to increase productivity within their businesses.

At night, he also commands an audience. However, this time it is an ever-growing following of devout music lovers who come to see Robert Wheeler's unique musical ability.

What makes Robert's talents different from any other performer is evident in the instrument which he plays -- the ukulele. Around these parts of the United States, 'uke' players are not a common sight. In fact, since Arthur Godfrey passed away, you would be hard pressed to find anyone east of Hawaii who gets top billing for playing the four-stringed instrument. Until now.

As Robert likes to say, albeit, only half seriously, he is doing his part to raise the level of 'ukulele consciousness' in New England. Since last December, he has been appearing every Wednesday evening during 'Talent Nights' at Sacco's, a Watertown night club. The increasingly larger crowds who come to see Robert perform every week are an indication of his appeal and popularity.

Success has not come easy for Robert, though. The one-time student of the classical guitar may be the only person to hit a musical home run after three strikes. After taking up the ukulele in 1976, his first performances were before inmates at correctional facilities in Eastern Massachusetts. The experience of appearing before an audience was valuable, says Robert, but it was not as if he were playing for people who really wanted to be there.

"After I got a few performances under my belt, a friend invited me to play at a club in Brighton," recalls Robert. "I played there three times and, to be honest, I got worse each time. I forgot the music, I was terrible."

Despite the 'strikeout,' Robert learned a good lesson. "Even though I was so bad, each time I finished the people in the audience would pat me on the back and tell me how much they enjoyed my music. That was an inspiration."

It was the audience's reaction which convinced Robert to "focus" even more on mastering the ukulele. "When you put time and energy into something, you can only get better at it," Robert explains. "It's like the first time I demonstrated CEO for customers. I was nervous about standing before the groups who came in to see the product. But, by continually doing it, my confidence grew. It's the same with performing. Instead of stepping aside and giving up on the 'uke,' I was determined to keep practicing and playing."

And play he has. Today, Robert owns 16 ukeleles, one costing \$354. "What killed the ukulele was the electric guitar," explains Robert. "In the early part of this century, it was an extremely popular instrument."

He is usually "the first ukulele player at any of the clubs I've ever been to." Robert explains that because of the ukulele and his soft voice, audiences always seem to listen closely to his songs. "While my voice has gotten considerably better since the first time I performed, I have an advantage in that it is soft so that people tend to remain quiet throughout my act so they can be sure to hear." While Robert has written a few songs, most of those he performs were written in the 1920s, 30s and 40s.

The best testament to the audience's delight with Robert's abilities as a ukulele player is exemplified after he completes each performance. Instead of merely clapping, listeners fill the club with chants of uke, uke, uke..., curtailing their emotions only after Robert has departed the stage.

"Now I know how Carl Yastrzemski feels after hitting one out of the park."

## Southboro

### Manufacturing Achieves Quality Through Feedback

Employees contributing ideas to Data General are an important part of how the company stays competitive in the computer market place. In an effort to meet the growing and changing needs of Data General's customers, Quality Engineer Steve Verdone is doing his part to support Manufacturing's commitment to delivering highly reliable products.

About a year ago Steve began redesigning the reporting formats for weekly and monthly statistics obtained through test procedures. The first step in

developing a new set of software programs was determining what kind of information engineers in Southboro and other Data General Manufacturing plants were looking for regarding the quality and reliability of components.

*Steve Verdone*

Southboro and Apex are Data General's two Systems Integration facilities. It is at these plants that processors and peripherals are integrated to customer specifications and then tested for functionality as a complete unit. Although all Data General components are tested for reliability at feeder and vendor facilities, integration testing assures the smooth functioning of systems as new products and configurations are introduced.

Steve explains that he developed a software program in three parts to report information on quality in the most effective way possible. He wrote one program to accept data, another to process this data into a useable format and a third to generate charts and graphs. On a weekly basis the first two programs are used and distributed within Southboro. The graphics portion of this set of programs forms the core of a Manufacturing-wide quality information network. Component and system failures, numbers of systems tested and average number of failures per unit are clearly defined through charts and graphs. Steve notes, "This monthly report is distributed to all Manufacturing plants, it is effectively supplying needed feedback to all sites."

According to Steve, this project was very extensive and it took several weeks of 'brainstorming' with engineers to come up with a workable plan. "It was important to decide what kind of information would help each plant improve existing quality levels, this format provides accurate test results quickly. The easy-to-read graphics display, at a glance, how various systems are testing at the integration level."

Pleased with the programming Steve has developed, Southboro Quality Manager Dave Smith comments on how he took this project and came out with an excellent format. According to Dave, the reporting system has proved to be an effective tool for identifying and resolving problems. The feeder plants supplied their ideas as he was developing the monthly report. "This report keeps everyone informed of corrective action that may be needed.

Steve's effort is really part of a Manufacturing-wide team approach to provide the highest quality products in the industry. The programs he designed also will be used in Apex as we work toward the goal of compatible reporting from integration operations."

### ***Twelve-Year Employee Retires***

*Barbara Gandolfo of Southboro Manufacturing retired last week after more than 12 years of service at Data General. Barbara(right)is congratulated by Manager Wayne Eaton (left) as co-workers gather to wish Barbara a happy retirement.*

### **Renaissance Ships First Fully Refurbished System**

*Renaissance Systems employees who are working together to assure the success of this new organization recently shipped their first fully refurbished computer system. Standing with the ECLIPSE C/150 are (from left to right): Tom Liddy, Charles Tutterman, Gary Drake, Gary Arthur and David George.*

Southboro Manufacturing's newly-formed Renaissance Systems recently shipped its first Data General computer system. Although a substantial number of peripherals have already been ordered and deliv-

ered to customers, this organization which is dedicated to refurbishing used Data General equipment is now fully operational. Renaissance Systems is the manufacturing arm of the Westboro-based Continuing Products Division.

According to Renaissance Systems Manager Jack Bush the first shipment, an ECLIPSE C/150 computer, was a milestone for this Manufacturing operation. Says Jack, "Renaissance Systems was still in the idea phase this past winter, now it is a well-staffed viable business." Equipment is acquired through a variety of sources such as internally used systems. Equipment also is obtained through customers 'trading up' for new Data General systems. When equipment becomes available the CRA (Customer Returns Area) gives Renaissance Systems the option of taking certain returned products as stock. Jack notes, "I am working closely with Continuing Products, price lists have been generated and together we have been able to determine what products have wide marketability."

The sale was dependent on Renaissance Systems being able to refurbish and ship the system on short notice. Generally one month is standard for processing an order for a system. However, the customer needed almost immediate delivery and Renaissance Systems was able to respond. Engineer Gary Arthur explains, "All the employees involved worked very well together." When a system is refurbished it must be tested, cleaned and ECO (Engineering Change Orders) levels brought up to date to assure system reliability.

Jack also says that Renaissance Systems has an extremely knowledgeable staff. He comments, "All employees working in the department have been at Data General for several years and are very familiar with the product line. When a customer order comes in they are able to rework it quickly, providing fast delivery and customer satisfaction."

## Field

## People

**Cliff Izer** has been named Area 1 manager for Field Engineering, based at Melville, New York and reporting to Bill Bentley, vice president of North American Field Engineering.

Cliff joined Data General a year ago as regional Field Engineering manager for New York City. Prior to that, he was with IBM for 14 years in a series of sales, field engineering and management positions.

Reporting to Cliff are the manager of Field Support Operations and regional Field Engineering managers in Area 1 which includes New England and the middle Atlantic States.

## Benefits

### *Delicious Victory*

*Coffee, soda and doughnuts were enjoyed by Southboro employees last Wednesday. The refreshments are given as recognition to the winners of the yearly safety audit courtesy of the losing plant which was Data General-Clayton this year. Second shift employees enjoying the taste of a sweet victory are (left to right) Chris Monopoli, Maria Machado, Loretta Stuczynski and Ilona Czuczor.*

### **PSAT A Must For Data General Scholarship**

Do you have a child who will be graduating from high school in 1985? Does this child plan to enter college after graduation? If the answer to both of these questions is "yes", two upcoming dates may be important to you. On October 18 or October 22, 1983, each high school throughout the country will be administering the PSAT (Preliminary Scholastic Aptitude Test).

Any student applying for a Data General Scholarship must take the PSAT during his or her junior year of high school. If your child will be graduating in 1985 and wishes to compete for a Data General Scholarship, the student should contact his or her guidance counselor as soon as possible after school opens to register for the PSAT this October.

Data General awards six scholarships each year with the actual presentation made during the student's senior year of high school. Applications and brochures outlining the Data General Scholarship Awards program are available from the Benefits and Personnel departments.

### ***Savings & Investment Program Quarterly Changes Due***

Tuesday, September 16 is an important date for those employees actively participating or eligible to participate in the Data General Savings and Investment Program. September 16 is the deadline for submitting all new enrollments and changes to the Benefits section of the Personnel department.

To be eligible to participate, you must have completed 90 days of employment with Data General by October 1.

If you have any questions or need an enrollment form, contact your Personnel representative or the Corporate Benefits department, Westboro, extension 4524. If you have questions about the Balanced or Equity Fund investment options, call The Putnam Management Company at 1-800-343-0909.

### ***Back To School With Education Reimbursement***

With the new school year beginning employees are reminded that educational reimbursement is available to full time permanent employees. Reimbursement is granted up to \$3500 per year to help cover the cost of tuition, textbooks and lab fees. You must receive a passing grade and submit original receipts for all expenses.

Courses that are part of a degree-granting program or work-related are covered by the program. Approval for all courses taken *must be received in advance* from your supervisor or department manager and local Educational Reimbursement administrator. Forms may be obtained from the administrator or Personnel.

## **Activities**

### ***Riverside Tomorrow -- Rain Or Shine***

More than 4000 plan to attend the next to last Data General outing of the season. The park will open at 8:30 a.m. for attendees to exclusively enjoy the rides before it opens to the general public at noontime. After noon, Data General employees will continue to have exclusive use of 'The Grove' throughout the day. Those interested in seeing the auto races may pick up passes at the Grove after 6 p.m. Outing chairpersons: Jacqui Risolo (x2206 in Milford) or Evie Dumas (x5562 in Westboro).

### ***Crotched Mountain Closes Outing Season***

Crotched Mountain; Saturday, September 24. Visit New Hampshire during fall foliage season. Enjoy hot tubs in the crisp air or swim if the weather permits. There will be bingo and square dancing and a DJ throughout the day for those who like to try a little of everything. Or how about a hayride or an hour-long

ride to the top of the mountain? Don't miss out, contact outing chairperson Evie Dumas (x5562 in Westboro) for ticket information.

**Directions:** Mass Pike to Exit 6 follow I 291 West Merge right for I-91 South to Agawam exit. Go around rotary to Rt 57 West to Rt 159 South.

Bus transportation is available. Contact Mike Grniet in Southboro for bus reservations. The cost is \$7.50 per person.

### ***How To Get Outing Tickets***

Outing ticket order forms are available at Personnel offices, cafeterias and Activities Committee literature racks at all locations. Complete them, include payment and a home-addressed stamped envelope and send them to MS F036 in Westboro. If there are less than five working days before the outing, tickets will be picked up at the gate.

### ***Come On Along!***

#### ***SPORTS***

***Boston Bruins vs Philadelphia Flyers, Saturday, September 17 at the Centrum*** Cost: \$8.50 per ticket. Evening (7:30 p.m.) game. Send requests (checks payable to Data General Activities Committee) with a self-addressed stamped envelope to: BRUINS, MS D127.

#### ***ENTERTAINMENT***

***Disney's Magic Kingdom On Ice, Thursday, October 13 at the Centrum*** Cost: \$7 per ticket. Evening (7:30 p.m.) performance. Send requests (checks payable to Data General Activities Committee) with a self-addressed stamped envelope to: DISNEY, MS D127.

***Tony Bennett, Sarah Vaughn and Buddie Rich, Wednesday, October 19 at the Centrum.*** Cost: \$13 each. Evening (7:30 p.m.) performance. Send requests (checks payable to Data General Activities Committee) with a self-addressed stamped envelope to: BENNETT, MS D127.

### ***Rafters, Listen Up!***

Employees river rafting on the Kennebec River this weekend are reminded that the bus for Westboro and Southboro attendees will leave promptly at 5:30 p.m. from the parking lot across from the entrance on Building 5 (up on the hill) in Southboro. Milford attendees will be picked up at 5:30 p.m. from in front of the Administration Building in Milford.

**Fall Road Race  
September 23**

There are only two weeks left before the Dasher Road Races on Friday, September 23. There will be a 10km foot race, a 3-mile foot race, a bike race and a biathlon. Helmets will be required for the bike race participants. Entries will not be accepted after Friday, September 16.

Anyone interested in being a marshall should send in an entry or contact George Newton at extension 4835 in Westboro.

**Road Race  
Entry Form**

Name: \_\_\_\_\_

Extension: \_\_\_\_\_

MS: \_\_\_\_\_ Badge #: \_\_\_\_\_

**Race Categories:**

*Check*

- under 35
- 35 and over
- Male       Female
- Bike Race      }  Biathlon
- 3-Mile Foot Race }
- 6.2-Mile Foot Race
  
- Race Day Volunteer

**T-Shirt Size:**

*Circle One:*

S      M      L      XL

I represent that I am sufficiently trained for competition in this event and that I compete in this race at my own risk. I hereby release Data General Corporation and those involved from any liability for injury or illness that I may suffer as a result of my participation in the race.

Signature: \_\_\_\_\_

Return race form to ROAD RACE, MS C223 in Westboro one week prior to the race date. This race is sponsored by the Data General Activities Committee solely for its employees.

(Incomplete Forms Will Be Rejected.)

***Toastmasters Welcome Guest Speaker***

The Data General Toastmasters have invited Richard A. Skinner, Area Governor, to speak at the Wednesday, September 14 meeting. His talk, *Mental Commitment Yields Success*, focuses on psycho feedback. Its basic message is the loose interpretation of the mind.

The weekly meetings, which begin at 11:40 a.m., are held in the Guest Marketing Conference Room in Building 14B (Module 2F). All employees are welcome to attend.

***Ski Enthusiasts'***

If you are interested in what's up with the Data General Ski Club send your name, mail stop and location to: Ski Club, MS C223. In return, a calendar of events will be sent to you. Suggestions are welcome, too!

***All Stars To Meet  
September 15***

As the top teams of the Data General Softball League battle it out for first place other outstanding players will have a chance to shine during the All Star Match on Thursday, September 15.

Three games will be played. The "best" members selected from the Competitive League will compete head-to-head, Division A against Division B. The same holds true for the Recreational League. The all stars from the Fun League will take on a slightly different challenge. They will battle it out with a fierce Executive team.

The action will take place at Kennedy's (The old Bronx Lounge). Games begin at 5:30 p.m. All are welcome. Come cheer'em on!

***Come Cheer Them On!***

Employees are invited to attend any or all of the softball games during the playoff series. Game schedules are posted on Activities Committee Bulletin boards at all locations.

## CARPOOL

**Billerica, Bedford**, to Westboro, flex, call Karin, x3053

**Create Carpool**, from Webo to Boston University, Monday night class, 6-9, call Marc x3340.

## MARKETPLACE

### Lost

**Opal Pendant**, in Bldg 14B or parking lot, call Ellen, x4525.

### For Rent

**Apt**, Hopedale, lg quiet 1-bdrm, kit. and frpl. lvgrm., private parking, 478-6060 or 473-1556 (Milford).

### Wanted

**Apt**, Couple looking for 2 bdrm apt. between Milford and Worcester, 343-6077.

**Roommate**, 2 bdrm. in Marlboro, \$210 + util, call after 5 p.m., 481-8404 (Marlboro).

**Comic Books**, old or new, espec. 60s Marvels, 366-0148 (Westboro).

### For Sale

**Snowmobiles**, 2, '72 Snow Prince, 16hp, 24hp, crest double, tilt trailer, \$600, 486-4985 (Littleton).

**Items**, Bikes: 20 in. girls Columbia, \$40; 20 in. boys 3-sp Apollo, \$40; Stereo: Carice, AM/FM, w/headphones, \$20, 845-9845. (Shrewsbury).

**House**, brick, 4-bdrm, 2-car garage, 473-4347 (Milford).

**Truck Cap**, fiberglass, for Dodge D50 or Plymouth Arrow, \$450; tires, 2 Dunlap snows, E7814, \$45, 478-1912.

**Personal Computer**, processor tech SOL terminal (8080 CPU) w/32K memory, 9 in b/w monitor, cass. drive, voice synth., cables, software, documentation, \$1200/BO, 435-5339 (Hopkinton).

**Items**, Tandem Bike, \$100; bunk beds, new, complete; \$175 firm; stove, coal or wood w/blower, 1 cord wood incl., \$250, 476-3273 or 877-1935 (Framingham).

**Dining Room Set**, Lenple Stuart, harvest table, 6 chairs, corner hutch, 966-1261 (Bellingham).

**Living Room Set**, queen size couch & chair, dk pine, end tables & coffee table, book case, 966-1261 (Bellingham).

**Snow Blower**, Sears, self-propelled, needs work, \$25/BO, 435-5339 (Hopkinton).

**Tractor**, Older Gravely, plow, sulky seat, snow blower, \$600 firm, 366-0524 (Westboro).

**Aquarium**, 40 gal., stand, cover, florescent hood, filter, access., 234-7108 (Linwood).

**Car Parts**, '58-'64 chrome, trim, plastic, rubber, int. parts; Rims, chrome wagon wheel, 5 lug, Ford van/truck, set of 4, \$65, 476-3587 (E.Douglas).

**House**, Brick, 4-bdrm, 2 car garage, in ground pool, 473-4347 (Milford).

**Air Tickets**, 2, R.T. tickets to anywhere Eastern flies, \$1000/BO, 784-3626 (Sharon) or 883-4645 (Blackstone) after 6 p.m.

**Stereo Components**, Crown SLI pre-amp, \$370; Carver M-400 pwr amp, \$275; Allison II speakers, \$525; Kenwood kt7300 AM/FM tuner, \$175; Duel CS521 turntable w/ Signet TK5E cart, \$175; complete - \$1200, 473-1227 (Milford).

**Den Set**, spanish style, reclining lounge chair, 966-1261 (Bellingham).

**Appliances**, refrigerator, 2 yrs. old, freezer, 5 yrs. old, 966-1261 (Bellingham).

**Water Bed**, Queen, complete set, \$200, 3 mo old, 473-7132 (Milford).

**Items**, Vertical cloth blinds, \$250; pair of woven woods shade, \$150 set (or \$60/\$90), 839-4852 (Grafton).

**Condo**, Framingham, Windsor Green twnhse, 2 bdrm., AC, patio, pool, tennis, \$69900., 877-4522 evenings (Framingham).

**Items**, '77 Guild Starfire, hollow body elec, \$325; Music Man 210 amp., 135/65 watts, \$450, will sell together for \$600, 852-6667 (Worcester).

**Canon SLR Lens**, 50 mm, F1.8 w/skylight filter, \$30; auto. flash, \$10, 366-1064 (Westboro).

**Starcraft Tent Trailer**, w/add a room, sink, stove, ice box, slps. 6, \$1850, 481-6822 (Southboro).

**Garrison**, 8 rms, 20 minutes to D.G., \$72,800, 481-3028 (Marlboro).

**Computer**, TRS80, model III, RS232, 64K, dual floppies, software, \$1100, 435-5148 (Hopkinton).

**House**, 4 bdrms, Cape, garage, dead end street, Lancaster, \$60,000 365-2532 or 365-5435.

### Autos

'55 **Mercury Montclare**, exterior needs minor work, \$2000/BO, 852-6667 (Worcester).

'71 **Ford LTD Braum**, full pwr, \$500, 845-9474 (Shrewsbury).

'74 **VW Bug**, stand., runs, floor needs repairing, \$300, 655-1323 (Natick).

'74 **Chevy Impala**, wagon, needs exhaust, B/O, 485-4292 (Marlboro).

'77 **Plymouth Fury**, green, w/vinyl roof, 2-dr., 318 engine, PS, stereo, \$1250/BO, 883-1486.

'78 **Ford Fiesta**, 4-sp, AM/FM cass, new brakes, \$1200, 647-1819 (Waltham).

'79 **V.W. Rabbit**, 4-cyl., 5-sp., loaded, 476-7536 (E.Douglas).

'80 **Yamaha SR 2506-R**, 1100 mi, \$800, 485-4292 (Marlboro).

'81 **Datsun 210MPG**, 5-sp, AM/FM stereo, radials, 728-3535 (Lincoln).

'81 **Chevette**, options, low miles, 473-8908 (Milford).

'82 **Yamaha 750 Maxim**, red, loaded, custom fairing, Bell helmets, sissy bar and rack, leather luggage bag, 366-0418 (Westboro).

## MENU

**Westboro Cafeteria**, Monday, Frittata and Seafood Roll; Tuesday, Jambalaya and Pot. Skins; Wednesday, Reuben; Thursday, Quiche and Croissants; and Friday, Fish.

**DeeGee's**, Monday, Spanish Omelet; Tuesday, Divan Crepe; Wednesday, Broccoli & Cheddar Quiche; Thursday, Western Sand; Friday, Seafood Quiche.

**Milford**, Monday, Stuffed Pork Chops; Tuesday, Sweet & Sour Chicken; Wednesday, Make-Your-Own-Sub; Thursday, Lasagna; Friday, Fish & Chips.

**Southboro**, Monday, Manicotti; Tuesday, Baked Ham; Wednesday, Chicken Parmesan; Thursday, Beans & Franks; Friday, Baked Fish.

**MINI NEWS**, All ads must be submitted in writing and include employee's name, home phone and extension number. All ads must be received by 11 a.m. Tuesday morning of the week published. Send to Cynthia Myers, MS A-235.
