Licensing information for
NetWare (R) Services for AViiON (R) Systems

The NetWare (R) Services software is one member of a family of Data General products that allow workstations to work with AViiON (R) host computers.

Activating License Counts

When you purchased the NetWare Services software, you acquired a license determining the extent of the software access for your site. You will need to activate your license count during the installation procedure for this product. Refer to Chapter 2 of the manual NetWare for AViiON Systems: Installation for instructions. Note that the license key must be entered exactly as shown, including case sensitivity. You need to supply the following key to activate your license count:

Model Number: C020APN1AN

License Key: Be89hqY5mP

AViiON is a registered trademark of Data General Corporation.
NetWare is a registered trademark of Novell, Inc.
