News For The Employees of Data General

October 25, 1985

Data General Shines On The Silver Screen

Lynne Rogers of the System Suppliers group in Westboro instructs "After Hours" movie star Griffin Dunne and another actor on how to operate the Data General DESKTOP GENERATION Model 30 computer system.

Now playing at your local theatre is "After Hours," a motion picture starring Griffin Dunne, Rosanna Arquette and the Data General DESKTOP GENERATION Model 30 computer system. The Data General equipment makes its silver screen appearance in the movie's first and last scenes which take place in an automated office environment.

Directed by Martin Scorsese of "Taxi Driver" and "Raging Bull" fame, After Hours is a comedy that involves Griffin as a word processor who one night sets out in New York City to meet his would-be girlfriend, Rosanna, at a friend's apartment. The story unfolds as Griffin trails Rosanna throughout the city, and encounters many strange happenings along the way.

To portray the contrasting roles of Griffin as the "mild-mannered" word processor by day, adventurer by night, Scorsese requested of Data General a word processing system for scenes that took place at the publishing company where Griffin is an editor.

For the production, Lynne Rogers of the System Suppliers group in Westboro, assisted by Technical Support Specialist Tony Quatela, arranged a 12-user configuration. Lynne also included CEO Comprehensive Electronic Office software that was easily understood by the actors.

Lynne instructed the film's star and another actor on how to operate the system. Griffin enjoyed using the computer, as he later commented, "I didn't think it was a real computer at first, because it was so easy to operate."

Lynne, Tony and Ken Donoghue of Corporate Public Relations made the trip to New York City where the film crew was on location at "El Diario-La Prensa," headquarters of New York's largest Spanish newspaper. At 8 p.m., the word processing systems owned by the newspaper were cleared out and Data General's advanced technology brought in. Thanks to the efforts of the Data General employees, the system was unpacked and installed in less than an hour-and-a-half. Filming took place on schedule and continued throughout the night until 4 a.m.

Lynne was excited by the whole experience, and glad to have helped out. "What a great experience to watch a famous movie director shoot a scene. His attention to detail was amazing. Everything was staged in its proper place right down to the last paperclip on someone's desk," exclaims Lynne.

"At one point, the director asked my advice on whether or not the scene looked real, having the characters all seated at their terminals typing away. I suggested that maybe a few employees should be huddled over coffee in a meeting, or simply talking on the phone. I was happy to assist."

Remarking on his experience, Tony adds, "The last scene, which was filmed at night, appears in the movie to have taken place during the day. To create the illusion of daylight, the crew covered all the windows of the building with white paper, and directed floodlights in from the outside. What a production!"

Working "after hours," Data General employees supported the cast and crew of what the Boston Globe calls "the next cult film," giving the movie its four-star seal of approval.

SRs/SEs Gather In Colorado For Product Training

Bob Miller, senior vice president for the Business Group, discusses Data General product directions with Sales representatives and systems engineers from throughout the United States. The recent seminar was held at the Technical Products Division in Englewood, Colorado.

Data General's Technical Products Division (TPD) in Englewood, Colorado recently hosted a "train the trainers" session for Sales and Systems Engineering employees. The training session focused on product and technology trends.

Approximately 75 Sales representatives and systems engineers participated in the five-day program, which included presentations by Senior Vice President of the Business Group Bob Miller, Technical Products Division Vice President Don McDougall, Marketing Support Director Jim Hertzell, Product Marketing Director Sherm Rutherford, and Industrial Automation Marketing Director Terry Bennett. The group also heard presentations by various TPD marketing managers.

Discussions covered TPD's overall strategy, product directions and Data General's confirmed commitment to the UNIX operating system standard.

Attendees had the opportunity to view demonstrations by some of TPD's key Independent Software Vendors (ISVs) and Independent Hardware Vendors (IHV) in the division's new Guest Marketing Demonstration Room. Displays included INTERMEC's bar coding equipment, Swanson Analysis' ANSYS finite element analysis program, Cericor's second-generation CAE software for electronic component design, and EASINET's 3-D CAD system; as well as a relational database system from ORACLE.

Systems Engineering Establishes Career Development Program

Systems Engineering has launched an innovative career development program that encourages employees to develop their own career paths. The

program helps systems engineers to take the initiative in planning their careers through self-assessment, research and goal identification with the assistance of their managers.

"Through the Systems Engineering Career Development Program, employees take a proactive role in guiding their careers," says Bill Gamble, Systems Engineering director. "The whole process is driven by employees, supported by their managers."

A key player in the career planning process is the manager, who acts as a "coach" to employees. Together with their manager, systems engineers identify their skills and develop realistic action plans to be followed to reach career goals within the company.

Systems Engineering managers will have the opportunity to participate in "Career Coaching Workshops" to gain a better understanding of the career management and development process, and their roles as "career coaches." In the workshop, they will be given an opportunity to practice and develop communication skills necessary for conducting effective one-on-one career coaching sessions.

A pilot session of the Career Coaching Workshop will take place at Data General-McLean, Virginia on Tuesday, November 12. The one-day course will be conducted by Joanne Spinale, senior Management and Organizational Development (M.O.D.) specialist for the North American Sales Division (NASD), and national chairperson of the Systems Engineering Career Development Council.

Additional courses for managers will be conducted throughout the coming year. Systems Engineering managers from across North America will be notified by their Area Human Resources organization.

Systems Engineering Director Bill Gamble and NASD Management and Organizational Development (M.O.D.) Manager Bailey Allard (standing) prepare (left to right) Pat Walsh, Systems Engineering Chicago Branch manager; Mitch Casse, of Data General-Canada; Bill Bowlds, Branch manager at McLean, VA; and Senior M.O.D. Specialist Joanne Spinale for the launch of the Career Development Program within Systems Engineering.

Manchester Employees Handle Accounts Payable

Managing the company "checkbook" is a challenging task. Located at Data General-Manchester, Accounts Payable employees must practice effective communication skills as they handle payments to Data General's large base of vendors who provide the company with materials and services.

To assist them in their responsibilities, the group recently received training in "Customer Satisfaction Telephone Skills." During the one-day session, employees learned how to use assertive problem-solving steps to resolve caller issues. Topics included effective listening, questioning and informing.

Says Tom Stone, manager of Operations Accounting, "As a critical support organization responsible for the important mission of permitting payments to the company's large vendor base, the need for on-going, specialized training is imperative to the success of the Accounts Payable operations.

"To meet this objective, a pioneer effort was undertaken by Management and Organizational Development (M.O.D.) to develop a course aimed at developing customer satisfaction skills through participative training and instruction of a non-technical nature in such areas as phone etiquette, administration of company policy and effectively dealing with vendors."

Assisted by M.O.D. Specialist Donna Wnuck, the course was conducted and designed by Senior M.O.D. Specialist Bill Kueppers to address concerns specific to the Accounts Payable group.

Pictured above are the smiling faces of the Accounts Payable group located at Data General-Manchester.

Systems Groups Discuss Developments In Technology

The Data General Management Information System's (MIS) Director's Circle recently sponsored a Technical Symposium for more than 50 employees

from Manufacturing, Field Engineering, Finance, Marketing/Sales and Data Systems and communications information systems.

The objective of the symposium, held in Milford, was to evaluate the direction of technology, and its current and future effect on information systems activities. The format promoted communication and cooperation between information systems employees, through an interchange of information and ideas on a number of topics relating to the future.

Keynote speakers presented background information and a discussion of their views regarding development in information management, hardware, software, the automated office and communications. Workshops allowed participants to express ideas, raise questions and discuss issues in an open forum. Presentations made by Maureen Bulger, Pete Doonan, Vin Femia, Chuck Holland and Brian Schimpf were enthusiastically received.

Finally, the MIS Directors led a roundtable discussion of plans and current projects to increase productivity and cooperation within the information systems community.

Data General Advances Korean Technology

Data General recently donated an ECLIPSE MV/10000 computer system, five Dasher D460 terminals, AOS/VS software and associated peripherals to the Korean Advanced Institute For Science and Technology (KAIST). The donation was a joint effort with Oriental Systems Industry (OSI). The Data General Korean distributor presented the institute a Data General Educational software package, and 13 Hangul (Korean) terminals manufactured by its parent company, Oriental Precision Company (OPC).

KAIST is Korea's leading institution for higher education and research in the field of science and engineering. The world-class facility is responsible for the development and standardization of data communications within the country.

The Data General equipment will be the center of a new telecommunication and information engineering program within the Electrical Engineering department.

Present at the dedication ceremony were Americas/Far East Vice President Wayne Fitzsimmons, General Manager for Asian Marketing Operations Jerry Greene along with several members of the KAIST faculty and executives from OSI and OPC.

Says Wayne, "Through this donation, Data General seeks to establish a close relationship with Korea's academic institutions and corporations, assisting them in their research and development efforts."

Used in connection with an ECLIPSE MV/8000 system, the ECLIPSE MV/10000 computer further allows for the creation of a local network called KORNET that links the various departments within the facility. This network enables further educational and research capabilities.

Data General recently donated an ECLIPSE MV/10000 computer system along with software and associated peripherals to the Korean Advanced Institute For Science and Technology (KAIST), in conjunction with its Korean distributor Oriental Systems Industries (OSI). Among those KAIST and OSI executives in attendance at the dedication ceremony were: Americas Far East Vice President Wayne Fitzsimmons (fourth from left), and Jerry Greene, general manager for Asian Marketing Operations (third from right).

People

In Manufacturing...

Al McIlvene and **Leo Olivares** join Manufacturing Planning as senior Product Line managers reporting to Bob Conlee, director of Manufacturing Planning.

Formerly New Products manager at Data General-Clayton, Al is responsible for the peripheral products line. He has been with Data General for seven years, and holds a physics/mathematics degree from the University of Florida.

Leo now is responsible for the Central Processor Unit (CPU) product line. He previously was a New Products manager at Austin. Before coming to Data General in June 1980, Leo worked at General Motors, Burroughs and Timex Corporation. He holds a mechanical and electrical engineering degree from the Technical Institute Of Undergraduate Studies at Monterrey, Mexico.

Also reporting to Bob is **Ben Parab**, who joins Manufacturing Planning as manager of International Manufacturing. Ben replaces Jim Whittaker, who has transferred to South America as country manager for Brazil.

With Data General for eight years, Ben previously was Operations manager at Southboro. He holds an MBA from Worcester Polytechnic Institute, and an MS from Widener University in Pennsylvania.

FE Employees of the Quarter

The following Field Engineering employees have been selected Employees of the Quarter for Quarter 4 of fiscal year 1985:

Milford

Marie Alan
Tom Andresen
Kathy Berry
Dave Blanchette
Sue Bonenfant
Jane Braley
Frank Bruno
Joe Burt
Robert Chilson
Doug Cole
Deborah Dufel

Richard Walker-Wright

Woodstock

Howard Hill
Jack McDougal

Employees May Purchase DATA GENERAL/One At A Discount

The price of a basic DATA GENERAL/One computer available through the Employee Purchase Program has been cut to \$1200. For employees, this results in a 55 percent discount from the list price.

A basic system consists of the DATA GENERAL/One personal portable computer with 256 KB of memory and two built-in disk drives. If you should decide to purchase a system with additional internal equipment, the regular discount rates from the list prices will apply.

The following discounts apply to ADDITIONAL items:

- 45 percent for hardware (expansion chassis, printer, etc.).
- 45 percent for software.
- 30 percent for supplies and accessories (carrying case, battery charger, battery pack, etc.).
- 30 percent for upgrades.

Payment can be made by personal check, payroll deductions for part or all of the purchase amount, or cash. If paid in cash (personal checks will be accepted), an additional 10 percent can be deducted from the total net employee discount purchase price.

Employees interested in purchasing a DATA GENERAL/One should pick up an informational package at Human Resources. Employees should note that the DATA GENERAL/One catalog in the purchase

kit may not include the latest prices for additional hardware, software and accessories. Contact Order Administration in Westboro at x5316 to receive the updated prices.

Already Purchased A DATA GENERAL/One?

Since the Employee Purchase Program for the DATA GENERAL/One computer was introduced last June, several employees have purchased the portable system. However, they will take advantage of the new, reduced price.

If you already have paid for your system via cash or a personal check, or if your system is being paid for through payroll deductions, contact Mark Storry in Manchester at extension 223-2190.

Reminder To Data General Phone Users

Telephone authorization codes are being changed on Sunday, October 27 for employees at all Data General facilities throughout New England. By this time, you should have received a card listing your new access code. This code should be kept confidential, as your cost center will be charged for any and all calls made using your new code.

If you have not yet received your new access code, contact Marsha Dibbern at extension 6057 in Westboro, or through CEO address, DIBBERN M:AT-LAS.

Westboro Users Take Note

If you have any Abbreviated Calling (*A) numbers programmed into your phone, you will have to reinsert them after this code change.

Also, do not forget to dial "7" before the six-digit access code (even if the code begins with the number 7).

Westboro

Travel And Expense Moves

The Westboro Travel and Expense department has moved across the hall from its former spot in Building 14B to a new location at Mail Stop F239. The window will remain open from 9:00 to 11:00 a.m. and 1:00 to 4:00 p.m. Petty cash functions will only be available during the morning hours.

Whom To See

If you have questions about your paycheck, queries can be directed to the Westboro Payroll department. If your last name begins with letters A - K, call Cathy Wallace at extension 5576. If your last name begins with letters L - Z, contact Janet Badzmierowski at extension 5590.

New Courier Service For Overseas Shipping

A new international courier service now is available for Data General employees shipping envelopes and small packages overseas. This service is not a replacement for the regular United States Post Office Air Mail service, but is to be used only for URGENT shipments which previously were being sent by more costly couriers.

Due to the volume of international envelopes and small packages shipped by Data General, Corporate International Trade Operations has negotiated a contract with two major couriers. Previously, the courier selection was handled by individual departments. Now, through shipping greater volumes through two major couriers, Data General will realize a higher level of service and reliability, and most importantly, a projected savings of thousands of dollars.

Purolator Courier has been awarded the service to the following European countries: Austria, Belgium, Denmark, Finland, France, Ireland, Italy, Netherlands, Norway, Spain, Sweden, Switzerland, United Kingdom and West Germany. Airborne Express has been awarded all remaining countries.

A training session is scheduled for Tuesday, October 29 from 10 a.m. to 11:30 a.m. for all Westboro employees who were unable to attend the first training session. Anyone who wishes to attend should contact Harriet Markert of Corporate International Trade Operations by Friday, October 25, to reserve a seat. Users and any potential users are urged to attend.

Travel Tip

Corporate Travel and Meeting Services (CTMS) now can reserve airline seating arrangements and issue boarding passes on many carriers. This means that Data General employees can avoid lines at ticket counters and gates before boarding the aircraft. When making a reservation, be prepared to indicate the seating preference, such as the non-smoking section or window. For more information or reservations, contact CTMS at extension 232-1000 in Westboro or through CEO address, ADM TRAVEL:ISIS.

Technical Training Courses Held In November

There are still openings available in three technical courses being offered in November by Management and Organizational Development (M.O.D.) in Westboro. Prior approval by your manager is required.

A two-day overview of IBM Teleprocessing is scheduled for Monday, November 4 and Tuesday, November 5. A related, two-day seminar on IBM's approach to System Network Architecture will be offered on Wednesday, November 6 and Thursday, November 7. Both seminars were enthusiastically received when previously given at Data General. They will be taught by Ron Sander, an outside consultant with more than 18 years of technical management experience.

The third course, a general overview of Local Area Networks, will be held on three consecutive Tuesdays, November 11, 18 and 25. This session will be conducted by Boston University Professor Joshua Etkin.

Information and registration material for these courses may be obtained from Corporate M.O.D. at Mail Stop D134, or by calling extension 6958 in Westboro. Enrollments will be accepted on a first-come, first-serve basis.

New Schedule For Manchester Shuttle

The shuttle service which carries employees and delivers mail to and from Manchester and Westboro runs several times daily. Employees planning to use the service must have their mail ready or be in Westboro's Lobby B a few minutes before departure time.

Effective Monday, October 28, the new schedule is as follows:

Depart	Arrive
Westboro - Lobby B	Manchester Facility
7:30 a.m.	8:45 a.m.
8:30 a.m.	9:45 a.m.
10:30 a.m.	11:45 a.m.
11:45 a.m.	1:00 p.m.
2:45 p.m.	4:00 p.m.
3:30 p.m.	4:45 p.m.
Manchester Facility	Westboro - Lobby B
7:00 a.m.*	8:15 a.m.
9:00 a.m.	10:15 a.m.
10:00 a.m.	11:15 a.m.
1:15 p.m.	2:30 p.m.
1:45 p.m.	3:00 p.m.
4:15 p.m.	5:30 p.m.
5:00 p.m.	6:15 p.m.

* Tuesdays Only

Note: All runs now are handled by two, 15-passenger vans.

Educational Services

Employee Training For November

The following courses will be conducted at the Education Center, 2400 Computer Drive in Westboro. To enroll in any course listed below, call Central Registration & Information in Westboro at extension 4079. Supervisor's approval is required prior to registration.

Activities

Outing Season Ends On Right Track - Edaville Railroad Is A Success

Overcast skies did not stop the more than 500 Data General employees and their families from making the trip to Edaville Railroad in Carver, Mass. to attend Data General's last outing of the season.

Plenty of rides, food and fun was the order of the day. Children enjoyed meeting the animals in the petting zoo, in addition to a number of amusements including a carousel and the miniature Model T cars. Outside, live entertainers dazzled the audience with juggling, magic and music. A professional marionette theater made puppets come to life, and filled the air with laughter and cheers. During the day, the whistle of the vintage steam engine called for everyone to climb aboard for a five-mile journey through the largest cranberry plantation in the world. Employees also enjoyed a trip on the horse-drawn trolley and the 1940's fire engine.

As the day drew to a close, many visited the railroad museum's gift shop to purchase fresh baked cranberry bread and muffins.

As an added bonus to the event, many employees enjoyed a trip to King Richard's Faire which featured performances, music, dance, jousting matches, food and drink, crafts and much more - all in the spirit of the Renaissance era; a full day of fun to finish off the 1985 Data General Outing season!

Ice Capades Coming To Worcester

This year's Ice Capades show features guest star Scott Hamilton, 1984 Olympic champion along with the Ewoks. What is an Ewok? Catch the show and see for yourself. Data General has discount tickets available for Saturday, December 7 at 3 p.m. Tickets are \$7.50 each.

Send your requests to: ICE CAPADES, Mail Stop D232. Check must be made payable to the Data General Activities Committee. Also, be sure to include a self-addressed stamped envelope. Tickets are limited so order early!

The Holidays Are Almost Here!

Mark your calendar on Saturday, December 7! That is the day that the Data General Activities Committee is hosting a holiday dinner dance at the new Westboro Plaza Hotel. Watch the *Mini News* for more details.

Terror At The Podium!

More than 500 executives recently were asked how they felt about public speaking engagements. Forty-four percent claimed abject terror.

Does this describe you?

Come to the Data General Toastmasters Anniversary Open House on Wednesday, November 13 at noon in Guest Marketing, Room A. For more information, contact Loni Pecker at extension 5533 or Chris Pitcher at extension 5518 in Westboro. More details will follow in upcoming issues of the *Mini News*.

Want To Race With The Data General Ski Team?

The Data General Ski Team is gearing up for a big season. If you would like to race in the Mount Wachusett League, this is your last chance to sign up. All fees must be in by Friday, November 1. Don't

be left out. The ski team needs racers to fill in on Wednesday nights. Call John Watkins at extension 5099 in Westboro for more information.

High Single	Cherlene Seymour	118

The league meets on Wednesday nights at the Town and Country Bowl on Route 9 in Shrewsbury at 5:30 p.m. Anybody wishing to be an alternate member call Westboro employees Doug Peeke at extension 6854, Madeleine Andrews at extension 5269, or Judy Glasgow at 221-1616.

Golf Season Comes To A Close

The Data General Golf League recently held its year-end banquet to celebrate the close of the season at Kennedy's West in Marlboro. At this banquet, new officers were elected to serve for the 1986 season. They are:

- Dick Schwartz - president
- Dennis Liptak - vice-president
- Fred Mueller - secretary
- Elwin Elliott - treasurer
- Bert Chambless- handicapper
- Greg McSorley - tournament coordinator

The final standings for the 1985 golf season are as follows:

A Flight

Teams	W	L	H
Don Dodds/Mike Duggan	6	1	4
Jeff Lynch/Dick Schwartz	5	3	3
Bert Chambless/John Ledoux	4	4	3
Rick Kozlowski/Dennis Liptak	4	4	3
Steve Dailey/Don Tocher	3	3	5
Elwin Elliott/Dave Haskell	5	5	1
Mike Parise/Ken Sharp	4	5	2
Tom Maziarz/Frank Stokes	4	5	2

Bill Sines/Roland Gauthier	3	7	0
Malcolm Lawson/Steve Capelli	1	9	0

W = Won

L = Lost

H = Halved (Tied)

Building 5

Stock Room 9 Takes Over - While Wellesley Retains Title

After a grueling tournament and play-off series, four teams emerged as the finalists in the Data General Softball League. Stockroom 9 and Building 5 were finalists in the National League, and Wellesley and the Ants were the American League champs.

Stock Room 9 defeated Building 5 and returned the National League trophy to Southboro. Wellesley wound up the season by defeating the Ants, and capturing the American League trophy for the second year in a row.

Congratulations to all the players who participated in this year's exciting softball action.

Data General Ski Club Plans Several Trips

The time to make plans for the ski season has arrived. The Data General Ski Club has put together an exciting schedule for the '85 - '86 ski season and extends an invitation to all employees to join in the fun.

Ski Club newsletter/registration forms are available by writing to "Data General Ski Club - TRIPS, MS F211 Westboro." Below is this season's schedule.

December 14, 1985 - Killington, Vermont

February 8, 1986 - Killington, Vermont

- Round-Trip Bus Transportation to Killington
- Lifts
- Coffee & Donuts during drive up.
- Ski Club Party
- \$39 Per Person Due November 15.

January 17-19, 1986 - Stowe, Vermont

- Round-Trip Bus Transportation
- Two Nights Accommodations at the Town & Country Inn
- Two Breakfasts, One Dinner
- Lifts
- Indoor Pool/Sauna
- Shuttles to the Mountains
- No Snow Guarantee
- Ski Club Party
- Double \$159, Triple \$149, Quad \$139
- \$50 Deposit Due November 1

January 31-February 2 - Saddleback, ME

- Round-Trip Bus Transportation
- Two Nights Accommodations at Rangeley Inn
- Two Buffet Breakfasts, One Buffet Dinner
- One Free Ski Lesson
- Lifts
- Ski Club Party
- Double \$138, Triple/Quad \$131
- \$50 Deposit Due November 15

February 14 - 17, 1986 - Lake Placid, NY

- Round-Trip Bus Transportation
- Three Nights Accommodations at Placid Bay Motor Inn
- Ski Club Party
- Three Breakfasts, One Dinner.
- Two Days Lifts
- Shuttle to Mountain
- Double \$198, Triple \$179, Quad \$169
- \$50 Deposit Due November 29

February 28 - March 2, 1986 - Mt. Ascutney, VT

- Round-Trip Bus Transportation
- Lodging at Slopeside Condominiums
- Lifts
- Indoor Olympic Pool/Whirlpool
- Weekend Health Club Membership
- NASTAR Racing
- Free Ski Lessons

- Ski Club Party
- Double \$130
- \$50 Deposit Due December 13

March 7 - 15, 1986 - Innsbruck, Austria

- Round-Trip Air Transportation to Munich
- All Land Transfers Munich/Innsbruck
- Seven Nights Hotel Accommodations
- Breakfast and Dinner Daily
- Five Mountains to Ski
- Glacier Skiing
- Non-Skiers Welcome
- Services of Bi-Lingual Tour Guides
- Prices \$708 - \$799 -- Write to Ski Club for Details

March 7 - 9, 1986 - Sugarloaf, Maine

- Round-Trip Bus Transportation
- On-Slope Luxury Condominiums
- Lifts
- Ski Club Party
- Snow Guarantee
- Double \$135, Triple \$125
- \$50 Due on October 18

March 17 - 24, Whistler, B.C., Canada

- Round-Trip Airfare Boston/Vancouver
- All Land Transfers Vancouver/Whistler
- Condominiums at base of Whistler
- Seven Nights at Whistler
- Five of Six-Day Lift Pass Good at Both Whistler and Blackcomb
- Outdoor Pool/Sauna/Jacuzzi
- Ski Club Party
- Optional Heli-Skiing
- Double \$707, Max. \$676
- \$100 Deposit Due October 25 - HURRY

March 21 - 23, 1986 - Sugarbush, Vermont

- Round-Trip Bus Transportation
- Two Nights Accommodations at Luxury Condominiums
- Lifts
- Ski Club Party
- Not more than \$149/double, \$139/quad
- Write for details

Wachusett Mountain Programs

The Wachusett Mountain Program, this year, will run for six weeks beginning the week of January 6. You can participate on the day/night of your choice. Write for more information.

1985 Outings Survey

Please take a couple of minutes to provide the Activities Committee with your thoughts on the 1985 Data General summer outings. Employee participation in this survey will enable the Activities Committee to plan even better events for the 1986 season. Thank you in advance for input and support.

1. This year I attended: (circle one)

Canobie Lake, May 11

Boston Pops, June 15

Country Western Barbecue, July 13

Provincetown Cruise, July 2

Beach Party, August 10

Red Sox game, August 24

Riverside Park, September 14

Edaville Railroad, October 5

2. What I liked best was _____

3. What I liked least was _____

4. Please rate the outing which you attended according to the following criteria:

	Poor	Good	Excellent
Food	1...2...3...4...5...6...7...8...9...10
