News For The Employees of Data General

September 2, 1988

Monday Is A Holiday

Employees are reminded that Monday, September 5 is a Data General-paid holiday in observance of Labor Day.

A New Tool For Data General Field Engineers

From now on, Data General field engineers will bring a little bit of the company with them whenever they visit a customer site. On maintenance calls, they will be taking with them a DATA GENERAL/One Model 2T EL personal computer.

Under a program called PHARAOH, the computers have been modified so that they contain all the information needed to get a customer's system back "on-line" as quickly as possible. The systems have been distributed to Data General field engineers across the United States.

"Most of what a field engineer needs to run diagnostics or perform any kind of trouble-shooting at the customer site is encompassed in this modified portable computer," says Laurel Dickerson, a section manager within CBT (Computer Based Training) Development. "In addition to including a peripheral tester, diagnostic loader and bar code reader, PHARAOH can be equipped with any number of on-line training information," Laurel says. From now on, field engineers will not have to carry volumes of manuals with them on service calls. "We can do away with hard copy documentation and load necessary training material into a disk for easy access."

PHARAOH has been designed with field engineers' input in mind. "They are the ones in the field, dealing directly with customers, and they are the ones most knowledgeable about the concerns customers have," says Dennis Symanski, manager of Field Tools and Test Equipment.

Field engineers will use PHARAOH's CDS/FACTS (Customer Dispatch System/Field Activity Tracking

System) access to report customer calls and needs for service, report what they did, and report when they have fixed the problem, eliminating paperwork with an on-line substitute. Using the informational databases, field engineers will be able to access Field Alert Bulletins, weekly software newsletters, patches (software fixes), Advanced Product Information Bulletins, launch reports (new product tracking and reporting procedure), diagnostic trouble and documentation summary reports, abstracts and product support plans - literally, an entire file cabinet of information, all up to date and accessible on line.

"This is a product that we expect will be continually enhanced," Dennis concludes. "Service needs change, and products used to provide service must change, as well. PHARAOH is powerful, functional and adaptable. PHARAOH can take us into the future."

NADGUG Conference Held This Week

Several hundred customers attended the 1988 North American Data General Users Group conference, held this week at the Wyndham Franklin Plaza Hotel in Philadelphia. The four-day conference included management, technical and end-user sessions, exhibits and informal meetings.

The keynote address by Dr. Nathan Goodman, senior vice president of Codd & Date International, kicked off the Conference '88 theme of communications and networking. Dr. Goodman is a well-known expert on relational and distributed database and transaction processing systems. The event also included presentations by Data General executives, as well as a roundtable discussion in which the executives fielded questions from the users attending the conference.

First Class Graduates From New Sales Transition Program

Marketing Education has conducted its first Sales Transition Employees Program (STEP II) class, with

14 systems engineers participating in graduation ceremonies. The four-month training program gives Data General employees an opportunity to pursue careers in Sales as Sales representatives. STEP II has been specifically designed for system engineers transferring into Sales.

Another program currently being developed is the STEP I program. This program will help field engineers and individuals with no sales experience transfer into the Sales force as Sales representatives. Plans for future classes are being scheduled and employees interested in pursuing a career in Sales should contact their Human Resource representatives.

Pictured above are the recent graduates of the STEP II program. In the front row (from left to right) are: Ryan Yamatani (Manhattan Beach), Nancy Yamagata (Manhattan Beach), Debra Huber (New York), Dane Sidi (Melville) and Elaine Dooley (McLean). In the second row (from left to right), are: Mark Cain (Boston), Kevin Toshok (Columbus), Francis Fu (Schaumburg), Louis DeGeorge (Woodstock/STEP Program manager), Michael Lewis (Houston) and Dana Barisano (Rocky Hill). The following graduates were unavailable at the time the photograph was taken: Stan Devost (New York), Gunther Sampson (Blue Bell) and Tom Miesner (Saddlebrook).

Customers Celebrate Hollywood Bowl Opening

Last month Data General customers from the Los Angeles and Southern California area celebrated the opening of the Hollywood Bowl Summer Festival. The event is part of Data General's sponsorship of the Los Angeles Philharmonic summer concert series.

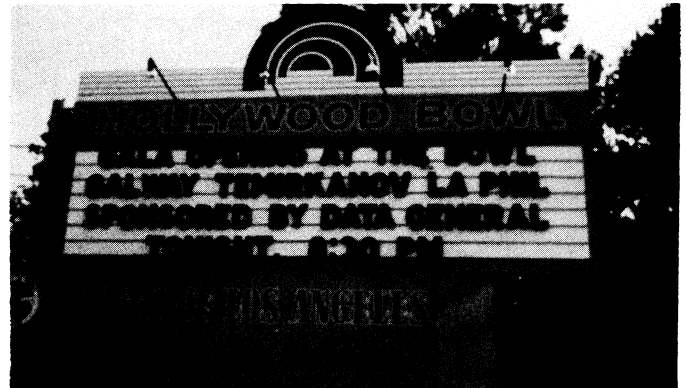

The Hollywood Bowl, an outdoor amphitheatre, is a leading attraction in the Los Angeles area providing classical music-lovers with concerts under the stars.

In addition to Data General being listed in all advertisements for the Hollywood Bowl Opening Gala, an electronic marquee in front of the Hollywood Bowl advertised Data General throughout the several weeks leading up to opening night.

Special guest at the opening was world renowned flutist James Galway. Data General guests attended

a pre-concert dinner held on the concert grounds. Following dinner they enjoyed an evening of classical music entertainment. Each customer was given a cassette of James Galway and the Los Angeles Philharmonic at the conclusion of the evening. In the weeks following the concert, all customers received a custom-made print commemorating the event.

In addition to sponsoring this event, Data General also sponsors "The Golf Show," a half-hour golf program broadcast on cable stations in California and many areas around the country. Both sponsorships are part of Data General's continued efforts to increase awareness of Data General among business executives in the Los Angeles region. Similar regional programs are under way in New York and Chicago.

The marquee in front of the Hollywood Bowl advertised Data General's sponsorship of the opening gala.

Data General customers attended the opening gala dinner before the concert at the Hollywood Bowl in California.

ECC Note

The room numbers in the Employee Conference Center (ECC) were changed yesterday. The new numbering scheme will better coincide with the lay-out of the facility. Employees who have reserved rooms should make sure to check the scheduling monitor in the ECC for their room numbers.

COSMOS August Graduates

Corporate Sales and Marketing Orientation for Success is a two-week course which introduces newly-hired experienced Sales representatives and systems engineers to Data General's marketing strategies, hardware and software products, service and support organizations as well as industry competitors. Each month the training course is held at the Training Center in Woodstock.

Pictured above are the August graduates of the COSMOS class. In the front row (from left to right) are: Cheryl Stevens (Chicago), Susan Garlick (Westboro), Kay Gilmore (London), Gerhard Mayrhofer (Austria), Felicia Westbrook (McLean), Terry Taylor (Cincinnati), and Jose Rui Soares (Lisbon). In the second row (from left to right) are: Salih Coskun (Holland), Kevin Dillon (Woodstock), Emer Wynne J.K., Peter Kaan (Holland), Kathy Szczur (Pittsburgh), Joe Magno (Albany), and Jari Brannare (Finland). In the third row (from left to right) are: Tim Edwards (Memphis), Rudd Schothorst (Holland), Sue Patterson (Westboro), Rich Renka (Saddlebrook), and Eric Anderson (Woodstock). In the fourth row (from left to right) are: Gary Feinberg (Santa Ana), Paul Dewalshé (Brussels), Paul Devlieg (Holland), Jeff Roy (Woodstock), and Pam Peterson (Woodstock).

Kelley Named Human Resources Director

Bob Kelley has been named director of Human Resources for the Communications Systems Group (CSG). Bob reports to Don Bateman, vice president of Human Resources, and Colin Crook, senior vice president of CSG. CSG includes operations in Westboro; Rockville, Maryland; Dallas (Genioss); Singapore; and Cambridge, England.

Bob was most recently director of Human Resources for International Manufacturing Operations. In International Manufacturing, he was responsible for Human Resources support of plants in Thailand, the Philippines and Singapore as well as the regional office and International Purchasing Office in Hong Kong and Taipei, Taiwan. Prior to that, Bob was Human Resources manager for Data General-Apex.

Bob joined Data General in 1981 as an MOD consultant. From 1982 to 1984, he was manager of training and organizational development for Manufacturing.

Prior to joining Data General, Bob was the manager of training and management development with the Factory Mutual System, an associate professor at Miami (Ohio) University and an instructor at Hiram College in Ohio.

Bob received his bachelor's degree in speech and psychology; his master's degree in communications; and a doctorate in interpersonal and organizational communication from Kent State University.

People

In Human Resources

Beth Schachtman joins Data General as a Human Resources representative, reporting to Denise Peppard, Human Resources section manager. Beth will work with the Data Communications and Networking Division. She most recently worked for Digital Equipment. Beth received a bachelor's degree in history at Washington University.

In Corporate Marketing

Wayne Saunders joins Corporate Marketing's Business Planning Group as Strategic Planning manager, reporting to Skip Duggan, director of Business Planning.

Wayne has been with Data General for nine years, holding various managerial positions in Field Engineering, including manager of Education, region manager in Philadelphia, region manager in Los Angeles, manager of North American Field Engineering's Plans and Controls, and most recently, manager of Worldwide Field Engineering's Strategic Planning group. Wayne holds a bachelor's degree in business administration from the University of Lowell.

In Field Engineering

Michael Loftus has been promoted to product support engineer, reporting to Manager Jim Gossett. He will provide technical support for large ECLIPSE MV systems. Michael has been with Data General for 11 years, most recently as a Reliability engineer in Southboro. He holds an associate's degree in electrical engineering from Worcester Industrial Technical Institute.

Training

The following courses are offered by Educational Services for employees who wish to enhance their skills with Data General systems and software.

- **INFOS II Utilization & Design (S306)** - This course is for AOS and AOS/VS system users, teaching the organization and features of the INFOS II file management system. This five-day course begins Monday, September 12.
- **PRESENT through CLI (S142)** - This course teaches how to create and use queries through CLI that select information from data sources, and how to format this information into reports and charts. This two-day class begins Monday, September 19.
- **RDOS Internal Structures (SM401)** - This course teaches the development of design guidelines for system-wide RDOS applications. This five-day seminar begins Monday, September 19.
- **The 32-Bit Language Environment: Concepts & Techniques for Programmers (SM507)** - This seminar details the run-time environment for 32-bit compiled languages that conform to the Virtual Storage/External Calling Sequence standard (i.e., PL/1, FORTRAN 77, PASCAL, compiled BASIC, COBOL and C). This five-day seminar begins Monday, October 3.
- **AOS and AOS/VS User (S209)** - This comprehensive course offers an in-depth introduction to the use of the AOS and AOS/VS operating systems. This five-day class begins Monday, October 10.

Prior approval of your supervisor is required for course registration. Please call (tie line) 221-1647 to enroll in these classes or please send a request to REGISTRAR:OMEGA to receive an enrollment form to register for the above classes.

Review Workshop Offered

The **Formal Technical Review Workshop** is sponsored by the Software Quality Assurance department for employees who wish to use formal review methods to improve the quality of reviews and of software products. This workshop covers the advantages and disadvantages of technical reviews, different types of technical reviews, the steps and roles in a technical review and includes practice review sessions. The two-day workshop begins Tuesday, September 20. To enroll in the class or for more information, please call 228-3388.

Activities

Discount Tickets For Renaissance Faire Available

Take a trip back in time to the Renaissance. King Richard's Renaissance Faire opens September 10 in South Carver, Massachusetts, and discount tickets are once again available through the Data General Activities Committee.

The Faire features jugglers and jesters, storytellers and magicians, music and dance, food and drink, jousting matches, games, crafts, and more, all in the spirit of the Renaissance era. Adult discount tickets may be purchased at \$7 each (regular price \$10.75). Children's tickets (age 5 to 10) are \$5 each and may be purchased at the time of admission. Children under 5 are admitted free. The discount tickets are valid on the following dates only: Sept. 10, 11, 17 and 24, and Oct. 1, 8, 10, 15, 22 and 29.

Adult discount tickets may be obtained by sending a check, made payable to "Data General Activities Committee," and a stamped, home-addressed envelope, to King Richard's Faire, at Mail Stop 5-51C in Southboro.

Weight Watchers Begins New Program

All employees interested in shedding some excess pounds are invited to join the "New And Improved Quick Success Program For 1988," a Weight Watchers At Work program.

The program has been specially designed for hard-working people who do not seem to have the time to eat properly. The program teaches how to eat better, stay motivated, handle stress and how to fit losing weight into a busy schedule.

The At Work Program will begin Wednesday, September 7. Classes will be held on Wednesdays at 5:00 p.m. in the Westboro pizzeria. The cost of the program is \$60 for the eight-week course. All interested employees are required to pre-register by September 7. Checks, made payable to Weight Watchers, should be brought to the first session. Anyone wanting more information should contact Ann Castiglione at Mail Stop D-215 or via CEO at CE.ACC:BLUTO.

Entries Now Accepted For Fall Dasher Races

Data General employees planning to enter the Dasher Races on **Friday, September 16**, have until **Friday, September 9** to register. Entry forms should be sent to Dasher Road Race at Mail Stop C-128 in Westboro, as soon as possible.

Included will be 3-mile and 10-kilometer foot races and an 11-mile bicycle race. Bike race participants are required to wear hard-shell helmets.

Anyone interested in serving as a race day volunteer may contact the Dasher Road Race Committee at Mail Stop C-128 in Westboro. The Dasher races are sponsored by the Data General Activities Committee solely for Data General's employees.

Return this race form to Dasher Race at Mail Stop C-128 in Westboro no later than Sept. 9. **INCOMPLETE FORMS WILL NOT BE ACCEPTED.** The Dasher races are sponsored by the Data General Employee Activities Committee solely for Data General employees.

Worcester Centrum: Special Discount Tickets Available

Data General employees can obtain tickets to the following Centrum events:

The Boston Bruins - the Bruins will take on the Washington Capitals on Sunday, October 2 at 7:30 p.m. Tickets are \$13 each.

The Moscow Circus - the circus will perform on Saturday, September 10, an exclusive New England appearance marking its first United States show in over ten years. Please get your ticket requests in as soon as possible for this one. Tickets are \$15 each.

The Ice Capades - this show is scheduled for Saturday, November 26 at 12:00 p.m. Tickets are \$8.50 each.

The Boston Pops - New England's favorites will appear on Sunday, December 11 at 2:00 p.m. Tickets are \$15.50 each.

To order tickets, send a personal check along with a self-addressed, stamped envelope to: Employee Activities, Mail Stop C-128 in Westboro. Please send in requests as soon as possible. Make sure you indicate the event to which you are requesting tickets. Should you want to attend multiple events, please send separate requests.

Ski Club Planning Winter Calendar

Time to think snow - the 1988-89 ski season is on its way. This year the Data General Ski Club will again offer a wide variety of exciting day and weekend trips to New York and northern New England resorts, as well as two week-long, back-to-back trips to the Rocky Mountains.

The Ski Club officers for the 1988-89 season are: Teresa Forster, president; John Watkins, vice president; Paul Noe, treasurer; and Brenda Heath, secretary.

Look in upcoming issues of Mini News for a list of the dates and places of this season's trips.

Employees Enjoy Shear Madness

This week more than 200 Data General employees enjoyed "Shear Madness" at the Charles Playhouse in Boston. "Shear Madness" is the longest running play in the history of Boston theatre. Tickets for this Data General summer outing had been sold out for weeks. Employees fortunate enough to obtain tickets sat back and relaxed in the cabaret-style theatre while trying to solve the side-splitting comedy.

Candlepin Bowling

Data General employees who are interested in joining this year's candlepin bowling league should fill out the following form and return it to Bill Newhall at Mail Stop A-126 in Westboro. Anyone interested in being an alternate should mark "alternate" in the space for Team Name.

Complete either the INDIVIDUAL or TEAM section.
